

Lancashire Science Festival 2017

Coach Travel Information

You are receiving this because your company has been booked to provide coach travel for a school group to and from the Lancashire Science Festival on either Thursday 29 June or Friday 30 June 2017. The festival is taking place at the University of Central Lancashire's (UCLan), Preston Campus.

Please carefully read the information below regarding our coach travel management plan.

School Number

Your school will provide you with an A4 sheet of paper containing a printed code which identifies their school group (either T or F followed by a number). Please ensure that this is **prominently** displayed on the front window of your vehicle **before** you reach us – this is so we can quickly and easily identify your group and direct you appropriately.

Coach Drop Off / Pick Up Point

This will be located on UCLan's Fylde car park, Fylde Road, Preston, **PR1 2XN** (next to Ace Décor). Please note that coaches will not be able to access the car park if travelling westbound (travelling along Fylde Road towards Preston city centre/Adelphi roundabout, from the Docks direction) as coaches cannot complete a left turn into the car park. If you are travelling from this direction, please continue along Fylde Road up to Adelphi roundabout. Circle the roundabout to get back onto Fylde Road so to enable a right turn right into the car park.

Long Stay Parking

This will be available on a specific section of Fylde car park. If you require long stay parking, please alert the traffic management team inside the car park immediately on arrival and they will then direct you to the appropriate location. Fylde Road car park is a 10 minute walk away from Preston city centre.

Traffic Management

A traffic management team will be present on Fylde Road to manage both festival traffic and other traffic using the road. Please follow their directions.

Festival Ambassador

Once your coach is at the drop off position, please ask your school group to remain seated on the coach until a festival ambassador wearing a yellow t-shirt arrives. The festival ambassador needs to board your coach to distribute festival lanyards to your school group.

Contact Information

If you have any issues either before, or on the day, please contact the events team on 01772 894288.
